### Grading Policy

Final: 40%  
Midterms (2): 20% each  
Homework: 20%

### Remarks:

- 1) I highly recommend that you read your book before coming to class. You will probably not understand everything the author says, but it will help you to keep up during the lectures. Success in this class will depend on your ability to read outside of class.
- 2) In the Thursday (Tuesday) recitation section you will have a chance to ask questions about the homework problems from the previous week. The homework is due on at the beginning of class on Friday (Wednesday). No late HW will be accepted.
- 3) Academic Honesty: The University of Georgia expects every student to live up to the highest standards of academic honesty and ethics. There are severe punishments for cheating enforced by the university.

4) This syllabus is a general course plan, but deviation may become necessary over the course of the semester.

5) Withdrawals: You may withdrawal without penalty before the third HW assignment is due. After that point the assignment of a W or a WF will be depend on whether you are making passing marks in the course.
