**Homework:** There will be homework assignments due roughly every other week. The grader for the course is Y. Liu, a graduate student in the mathematics department. Late homework will be accepted at the discretion of the grader.

**Tests:** We will have an in-class midterm exam on or around October 2. The final exam will be take-home. It will be given out on Dec. 4 and due on Dec. 11.

**Course grades** will be assigned following the weights

Homework	40%
Mid-term	20%
Final exam	30%
Participation and effort	10%
