Location: 220 Boyd
Meeting day (s): monday
Meeting time (s): 0905 - 0955

Policies

Introduction: You are encouraged to work with your friends when doing these labs. Copying someone's work, however, is not allowed and will be reported. Academic Honesty is very important to this university and it should be to all of us. The value of your degree that you earn here is directly affected by each of us maintaining honesty in our academic work. The University's Academic Honesty Policy can be viewed at http://www.uga.edu/ovpi/academic_honesty/academic_honesty.htm.

Grading

: 90% of your grade will be based on the assignments you turn in. I will drop the lowest assignment. You will have a lab to turn in each week. All labs are to be submitted via webct. Do not forget to press the 'submit' button when you're ready to turn in your lab for grading. There is a 10% component for attendance. This means that you must attend class and also work on your lab during that time. Checking your email while in class will not count as attendance. Missing more than 3 classes will result in a grade drop. Missing more than 5 will mean you get an F in the course.
