This information supplements the course syllabus found on the course web site ([www.math.uga.edu/calclab2200L/](http://www.math.uga.edu/calclab2200L/)). During the semester, six projects will be assigned. A written project report is required for each project and must follow the guidelines contained in the Maple Welcome File.

**Grading Policy:** Projects must be complete, accurate, concise, and well written and will be graded using these criteria. Late reports will be penalized 1 letter grade if submitted within one week, and an additional letter grade per week.

	<u>Points</u>
Project 1	10
Project 2	15
Project 3	15
Project 4	20
Project 5	15
Project 6	15
Quizzes	<u>10</u>
	100
90-100	A
80-89	B
70-79	C
60-69	D
<60	F

**Attendance Policy:** Attendance is expected in each lab. Excused absences may be made up within one week without penalty. Students with two or more unexcused absences are subject to being withdrawn from the course with a grade of WF.

**Outside Help:** Students may work together or receive other outside help on the projects, however, outside help must be acknowledged and the project report must be the author's own work. Students are expected to adhere strictly to the Academic Honesty Policies of the University.

**Quizzes:** Quizzes will account for 10 % of the final grade. All quizzes will be announced in advance.
