

Instructor: Casey Bowman
Office: 524A
Phone #: 542-2620
Email: cbowman@math.uga.edu

Class: MATH2210 L
Room: 221 Boyd
Day and Time: Tuesday, 8:00 – 8:55
Call #: 40-118

Grading Policy:

There will be six projects, each of which will count 20 points. Your average will be taken out of all 120 points. Each project is due at the beginning of class on the day it is due. Late projects will be accepted up to a week after, but with a penalty of 1 point per day (weekend days will not be counted). After a week late projects will not be accepted.

Projects and due dates:

Welcome to Maple – Jan. 20th

New Riemann Sums – Feb. 3rd

Area Between Curves – Feb. 24th

The Annual Salmon Run – Mar. 16th

Simpson's Rule – Apr. 6th

Solids of Revolution – Apr. 27th

Office Hours:

I will be working in the open lab on the 3rd floor all semester so if you have questions you can come see me there. You can also make an appointment for another time if you cannot make it to the open lab hours. There are also open labs from 6:00 – 10:00 p.m.
Monday – Thursday.
