

Math 1060
Mathematics of Decision Making
Fall 2009

Instructor: Mr. Mo Hendon

Office: Boyd Rm. 523B

Phone: 706 542-2563

e-mail: mdh@math.uga.edu

office hours: see reverse

Textbook: We will be working through several sections of For All Practical Purposes (8th edition), produced by COMAP (Consortium for Mathematics and Its Applications) and published by Freeman. The current plan is to discuss some topics in Graph Theory, Voting Theory, and Fairness and Apportionment (Chapters 1 – 3, 9 – 11 and 13-14 in the text). Class interests may lead us in other directions as well.

Grading: Homework will be assigned often and collected occasionally. There will be three tests (tentative dates listed below) and a final exam. Your grade in this course will be based on the following proportions:

Homework	10%
Tests (3)	20% each
Final Exam	30%

Important dates this semester

First day of class	Monday, 17 August
Labor Day – no class	Monday, 7 September
Test 1 (tentative)	Thursday, 17 September
Test 2 (tentative)	Thursday, 15 October
Midpoint Withdrawal Deadline	Thursday, 22 October
Fall Break – no class	Friday, 30 October
Test 3 (tentative)	Thursday, 12 November
Thanksgiving Break – no class	23-27 November
Last day of class – Friday Schedule	Tuesday, 8 December
Reading Day	Wednesday, 9 December
Final Exam	Tues., 15 Dec., 8:00 – 11:00 AM
