

MATH 2200
Summer 2008

Instructor: Jennifer Belton
Time: MTWRF 8-9
Room: Boyd 304
Call number: 71-019

Email: jbelton@uga.edu
Office: Boyd 427A
Office Hours: MWF 9:05-10:15
Recitation: TR 1:00-2:00

The textbook for this course is Calculus, Early Transcendental Functions, 7th Edition, by Edwards & Penney. We will use a UGA custom edition.

Testing/Grading: Your grade in this class will be determined by your performance on homework and quizzes, three tests, and a cumulative final exam. Your overall grade will be computed as follows:

Projects, homework and quizzes	16%
Test 1	18%
Test 2	18%
Test 3	18%
Final Exam (Cumulative)	30%

Only TI-30 calculators will be allowed on quizzes and tests. Also, you probably will not receive much (if any) credit if you do not show your work or if I can't read what you turned in, so be thorough and be neat! Make-up work and tests require advance permission from the instructor.

This semester, you will have four writing projects. The goal of these projects is to further your understanding of course material through written explanations. Late projects will not be accepted.

Dates to remember:

Drop-add Ends: June 9 (Monday)
Midpoint Withdrawal Deadline: July 3 (Thursday)
Holiday (no class): July 4 (Friday)
Classes End: July 29 (Tuesday)
Final Exam: July 30 (Wednesday) 8-11

Special Note: Please talk to me if you have any questions about the material. I have set aside my office hours to help you, so don't hesitate to come.

Attendance Policy: You are allowed no more than 5 absences, including the recitation sessions. If you miss five or more classes, I may withdraw you from the course. After July 3 a withdrawal will result in a WF.

Academic Honesty: All academic work must meet the standards contained in "A Culture of Honesty." All students are responsible to inform themselves about those standards before performing any academic work. For more information, visit www.uga.edu/ovpi/academic_honesty/culture_honesty.htm.

Disclaimer: The course syllabus is a general plan for the course; deviations announced to the class by the instructor may be necessary.
