

MODELS OF CURVES AND WILD RAMIFICATION UPDATE OF REFERENCES

DINO LORENZINI

The paper

[MCWR] D. Lorenzini, *Models of curves and wild ramification*, Pure and Appl. Math. Quart. (Special issue in honor of John Tate), **6** (2010), 41-82,

refers in its bibliography to the reference

[18] D. Lorenzini, *Wild quotient singularities of surfaces*, version 9/07.

The reference [18] has been replaced by the following three articles:

[18a] D. Lorenzini, *Wild quotient singularities of surfaces*, Preprint 6/2011.

[18b] D. Lorenzini, *Wild models of curves*, Preprint 6/2011.

[18c] D. Lorenzini, *Wild quotients of products of curves*, Preprint 6/2011.

It is therefore necessary to make the following changes in the cross references of [MCWR]

page 52, [18], 7.2, should be [18b], 4.3.

page 53, [18], 2.4, (c), should be [18a], 2.6 (c).

page 53, [18], 3.12 and 3.10, should be [18a], 3.20 and 3.23.

page 79, [18], 6.1, should be [18b], 5.2.

page 80, [18], 3.4, should be [18a], 2.6.

page 80, [18], 3.3, should be [18a], 2.4.
