As I stated in the other evaluation of this course, I thought, at first, that this class was ridiculous and a waste of time. As I became familiar with MAPLE, I began to like it more and more. Our teacher was extremely knowledgeable and helpful. As long as you put in the effort, your grade will reflect it!

great!

He knows the topics and concepts very well and is willing to go more in depth so you can understand the information better.

He was a good, but not altogether organized, teacher.

He's great.

Helpful to students

Pointless lab overall, but a decent teacher!

Already completed this, check other form for comments.

He is a good teacher, but I have yet to get back a single project that I have done so I am unaware of what I am doing right/wrong.

If a lab instructor is not going to show up for an 8 AM class, he should inform the students beforehand.
